# If you can't measure it, you can't manage it!

Time Study RN™ / MD™

Measures how Doctors and Nurses spend their time

Time Study RN™

Categorizes work into value-added and non-value-added categories.

Measures time spent in following work categories:

• Direct Patient Care
• In-Direct Patient Care
• Admin
• Waste
• Other
• Documentation
• Meds categories

Category and activity list are customizable. Identifies the root causes of waste in nurse work.

Time Study MD™

Categorizes work into revenue generating, non-revenue generating categories.

Measures time spent in following work categories:

• Direct Patient Care
• In-Direct Patient Care
• Admin
• Waste
• Other
• Documentation
• Meds categories

Category and activity list are customizable. Identifies the root causes of wasted time.

Stop Wasting Time

The Time Study RN/MD National Benchmarking Database is a powerful research tool for understanding the impact of policy decisions on patient care and nurse workload. This database allows hospitals to compare their performance to other hospitals across the country.

Come see us at Booth #618 at the IHI National Forum on Quality Improvement in Health Care.
